

A Prayer

Lord, help me put as much energy into exploring options as I do into worrying about my problems. Help me listen to the views of others as much and with the same intensity with which I share my own.

Remind me every day that I am not the only person on the planet. I am one of millions, and you know and love each and every one of us.
Help me listen to what you want of me more than I ask you for what I want from you.
When things are going the worst for me, help me to remember to praise you for your greatness and count my blessings.
Help me make good choices in both the little things and the big things with your will always before me.
Help me change what I can as you will it and leave what I cannot change in your hands. Amen

This week pray for:

The people you need the most help understanding or getting along with.

God's guidance. What are the things God wants you to do for the good of his kingdom this week?

People who are forced to leave their homes by violence or persecution. 28,300 people a day are forced to flee their homes – that is 20 people a minute. Over half of them are children.
